PRELIMINARY AMENDMENT

Sir:

Prior to examination on the merits, kindly amend
the above-identified application as follows:

IN THE CLAIMS:

Kindly cancel Claims 1-31 without prejudice

Kindly add Claims 32-55 as follows:

--32. An unexpanded stent comprising a proximal
end and a distal end in communication with one another, a
tubular wall disposed between the proximal end and the distal
end, the tubular wall having a longitudinal axis and a porous
surface defined by a plurality of interconnecting struts, the
stent being expandable upon the application of a radially
outward force thereon to undergo plastic deformation to a
